Skills

• Python • MySQL • HTML/CSS • JavaScript • Django • Tailwind/Bootstrap

Projects

Real Time Chat App with Django ↗

- Developed a real-time chat app using Django framework.
- Engineered seamless user interaction and instant messaging within dedicated chat rooms.
- Implemented robust security measures and ensured scalability for concurrent users.
- Resolved technical challenges, ensuring enhanced application stability.
- Utilized Django Channels for WebSocket-based communication.
- Crafted intuitive front-end components using HTML, CSS, and JavaScript.
- Managed version control and collaborated using Git/GitHub for organized development.

Tech: Django, Django Channels, HTML, CSS, JavaScript, Web Sockets, Git/GitHub, Visual Studio.

Expense Manager CLI: Python-Powered Financial Control System ↗

- Constructed an Efficient Command-Line Interface (CLI): Developed a Python-based CLI for streamlined expense management.
- Enabled Seamless Expense Tracking: Facilitated easy addition, monitoring, and management of expenses.
- Utilized Python's Versatility: Leveraged Python's capabilities for robust data handling and CLI functionality.
- Integrated Secure MySQL Database: Implemented MySQL for safe data storage and efficient management.
- Ensured Data Integrity with SQL: Maintained data reliability within the database using SQL queries.

Tech: Python, MySQL, Data Modelling, CLI Development.

ExchangeXpert – Real-Time Currency Exchange Application ↗

- Developed a Python-based application that interacts with currency exchange rate APIs.
- Provided real-time and historical exchange rate data, currency conversion, and symbol exploration.
- Implemented a user-friendly menu-driven interface for ease of use.

Tech: Python, HTTP Requests, API Integration.

Education

- B.Tech | Madanapalle Institute of Technology & Science | Dec 2020 - May 2023 | CGPA: 8.62
- Diploma | ESC Govt. Polytechnic College, Nandyal | Mar 2017 - Sep 2020 | 81%

Certifications

- Accenture Data Analytics & Visualization Virtual Experience. ↗
- Crash Course on Python authorized by Google and offered through Coursera. ↗

Strengths

- Hard-working and self-motivated
- Enthusiastic learner

Languages

- English
- Hindi
- Telugu
